

CURRICULUM VITAE

Roger B. Tate, P.E.

Mechanical & Fire Protection Engineer
2719 Foxpoint Trail
Arlington, Texas 76017
817-784-6747

OVERVIEW:

Roger Tate investigates a wide variety of mechanical and fire protection issues, including workplace injuries involving machinery, fires and explosions involving combustion equipment, malfunctions of fire sprinkler systems, and water leaks of all sizes. He has over 22 years active experience as a forensic engineer. Mr. Tate holds Bachelor of Science and Master of Engineering degrees in Mechanical Engineering, and completed two years of engineering graduate school beyond the Masters level. Prior to becoming a forensic engineer, Mr. Tate worked in the aircraft manufacturing and satellite communications industries. Since entering the forensics field he has obtained specialized knowledge in fire protection systems, fuel gas equipment, gas explosions, and underground piping failures. Mr. Tate has testified at trial in multiple civil cases and one criminal case. He holds Professional Engineer licenses in 30 states and has passed the national licensing examinations in both Mechanical and Fire Protection Engineering. Mr. Tate is a skilled teacher and has trained thousands of professionals in various venues.

EDUCATION:

Bachelor of Science in Mechanical Engineering with Special Distinction, GPA 3.89/4.00,
University of Oklahoma, Norman, Oklahoma, 1985
Master of Engineering in Mechanical Engineering, GPA 3.92/4.00, University of Texas at
Arlington, Arlington, Texas, 1991
Doctoral Studies in Mechanical Engineering, GPA 4.00/4.00, University of Texas at Austin,
1993 to 1995
Individual Study in Fire Protection Engineering, 2000

ACADEMIC HONORS:

Pi Tau Sigma – International Mechanical Engineering Honor Society
Tau Beta Pi – Engineering Honor Society
Phi Kappa Phi – Interdisciplinary Academic Honor Society

PROFESSIONAL EXPERIENCE:

VERITÉ FORENSIC ENGINEERING, LLC, 2007 - Present

Mechanical and Fire Protection Engineer - Failure analysis, repairability assessment, and product design evaluation of fire protection systems, industrial machinery, plumbing components and systems, HVAC equipment and systems, office equipment/furnishings, and household appliances. Fire and building code analysis related to fire events.

UNIFIED INVESTIGATIONS & SCIENCES, INC., 1996 to 2007

Chief Engineer (2000 to 2007) – Technical supervision, training and development of the national engineering staff

Mechanical and Fire Protection Engineer (1996 to 2007) - Failure analysis, repairability assessment, and product design evaluation of industrial machinery, office equipment and furnishings, household appliances, building mechanical systems, fire protection systems, and motor vehicle systems. Motor vehicle accident investigation and reconstruction.

CH&A CORPORATION, 1995 to 1996

Consulting Engineer, Mechanical - Motor vehicle accident investigation and reconstruction. Failure analysis, repairability assessment, and product design evaluation.

UNIVERSITY OF TEXAS AT AUSTIN, 1993 to 1995

Research Engineer/Graduate Research Assistant (Oct. 1994 - Oct. 1995) – Employed by the UT Center for Electromechanics. Researched failure limits and failure modes of graphite composite materials for energy storage flywheels.

Graduate Teaching Assistant (Jan 1994 - May 1994) - Taught laboratory section of the mechanical engineering senior design course.

S.E.A., INC., 1991 to 1993

Project Engineer, Mechanical - Motor vehicle accident investigation and reconstruction. Failure analysis, repairability assessment, and product design evaluation.

PROFESSIONAL EXPERIENCE: (continued)

LTV AEROSPACE AND DEFENSE, 1986 to 1990

Senior Installation Design Engineer (Nov. 1989 - Sept. 1990) - Member of design team for the B-2 “Stealth” Bomber. Details classified.

Senior Hydraulic Design Engineer (Oct. 1987 - Nov. 1989) - Member of design team for the YA-7F attack aircraft prototype program. Prepared specifications for procured hydraulic components. Prepared test procedures for hydraulic components. Analyzed failures that occurred during testing.

Production Technology Engineer (Sept. 1986 - Sept. 1987). Performed technology evaluations and cost/benefit studies for new manufacturing methods. Worked with a wide variety of manufacturing technologies; including composites and adhesive bonding, sheet metal fabrication, machining, heat-treating, painting, and plating. Led interdepartmental team to reduce volatile organic compound (VOC) emissions.

DALSAT INC., 1985 to 1986

Staff Mechanical Engineer - Designed satellite antenna positioning systems, a noise reducing engine enclosure, and HVAC air handling systems. Served as project engineer for initial development and construction of a mobile satellite transmission vehicle.

PROFESSIONAL ORGANIZATIONS:

Society of Fire Protection Engineers – Past President, Dallas/Fort Worth Chapter and

Member of National Engineering Licensing Committee 2006 - 2014

American Society of Mechanical Engineers - Member

National Fire Protection Association – Member

International Code Council – Building Safety Professional Member

Received *2007 Hats Off Award* from the Society of Fire Protection Engineers “in recognition of exceptional effort in support of the PE Exam for the benefit of SFPE and the profession.”

SPECIALIZED TRAINING:

Accident Reconstruction - Texas A&M University, 1992
Analysis of Low Speed Collisions - Texas A&M University, 1996
LP Gas Industry Principles & Practices - Suburban Propane, 1997
Vapor Cloud Explosions, Flash Fires and BLEVES - American Institute of Chemical Engineers, 1998
NFPA 13 Installation of Sprinkler Systems - American Fire Sprinkler Association, 1999
NFPA 25 Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems - American Fire Sprinkler Association, 1999
Electrical Protection Devices - Unified Investigations & Sciences, 2001
Failures in Electric and Gas Service Entrances - Unified Investigations & Sciences, 2001
Hazardous Waste Operations & Emergency Response (HAZWOPER) – Compliance Solutions, 2001
Overview of Fire Alarm Systems – Unified Investigations & Sciences, 2002
Soils & Foundations – Unified Investigations & Sciences, 2002
Lightning Protection – Unified Investigations & Sciences, 2002
Concrete Technology – Unified Investigations & Sciences, 2002
Automotive Engine Failure Analysis – Unified Investigations & Sciences, 2002
Electrical Grounding – Unified Investigations & Sciences, 2002
Microbiologically Influenced Corrosion (MIC) – Society of Fire Protection Engineers, 2003
Aging Electrical Wiring Systems in Buildings – National Fire Protection Association, 2003
Boiler Combustion Safety – National Fire Protection Association, 2003
NFPA and the Law – National Fire Protection Association, 2003
Acceptance of Commercial Cooking Installations – National Fire Protection Asso., 2003
Smoke Control System Inspection and Commissioning – National Fire Protection Association, 2003
Management of Major Fire Investigations – National Fire Protection Association, 2003

Sprinkler Systems of the Future: The Benefit of Electronic Sprinklers – Society of Fire Protection Engineers, 2016
Service & Maintenance of Water-Based HVAC Systems – Bell & Gossett (Xylem), 2017
Inspection and Evaluation of Swinging Fire Doors in Existing Buildings – Decatur Professional Development, 2017
Overview of Fire Alarm and Detection Systems – Decatur Professional Development, 2017

SEMINARS PRESENTED:

Computer Subroutines for Calculating the Physical Properties of MIL-H-5606 and MIL-H-83282 Hydraulic Fluids – Society of Automotive/Aerospace Engineers, Dallas, Texas, October 4, 1989.

Product Liability Principles – 2nd Annual Subrogation and Defense Seminar, Unified Investigations & Sciences, Dallas, Texas, April 10, 1997 (Multiple Other Appearances)

Vehicle Fires – 9th Annual Arson Investigation Training Seminar – Insurance Committee for Arson Control, Albuquerque, New Mexico, January 19, 1998

Hazards of Fuel Burning Appliances – Multiagency Fire Investigation Task Force (MAFIT), Longmont, Colorado, January 27, 1999 (Multiple Other Appearances)

Appliance Failures – Fire Investigation Techniques Seminar, North Texas Fire Investigators' Association, Addison, Texas, July 21, 1999

LP and Natural Gas Explosions – 3rd Annual Subrogation and Defense Seminar, Unified Investigations & Sciences, Dallas, Texas, October, 1999 (Multiple Other Appearances)

Forensic Investigation Instructors Training Course - Unified Investigations & Sciences, Dallas, Texas, February 6 – 10, 2001

Water Losses: Leaks & Causes - 4th Annual Subrogation and Defense Seminar, Unified Investigations & Sciences, Dallas, Texas, March 21, 2001 (Multiple Other Appearances)

Water Heater Failures and Assessment - 2001 Engineering Education Conference, Unified Investigations & Sciences, Everett, Washington, June 21, 2001

Technical Investigation of Vehicle Claims Fraud - 4th Annual Subrogation and Defense Seminar, Unified Investigations & Sciences, Dallas, Texas, March 21, 2001 (Multiple Other Appearances)

Fixed Fire Protection System Claims – 6th Annual Subrogation and Defense Seminar, Unified Investigations & Sciences, Addison, Texas, March 13, 2003

Failures of Underground Fire Mains – World Fire Safety Conference & Exposition – National Fire Protection Association, Dallas, Texas, May 20, 2003

FAMILIAR TECHNOLOGIES:

The items listed below have been involved in one or more of Mr. Tate's forensic investigations. This list is intended to show the range of Mr. Tate's expertise, but it is not comprehensive.

Air Conditioning/Refrigeration Equipment - Chillers, Cooling Towers, Hydronic (water-based) Systems, Heat Pumps, Package Units, Split Systems, Condensers, Evaporators, Compressors, Ammonia Systems, Freezers, Coolers, Soda Fountains, Moisture/Mold Issues

Fire and Building Code Analysis – Compliance with Fire, Building, Fire Prevention, Life Safety, Sprinkler, Alarm, and Combustible Liquids codes in the context of fire events.

Commercial Heating Equipment – Boilers, Industrial Ovens/Furnaces, Radiant Heaters, Unit Heaters, Thermal Oxidizers (volatile organic compound emission control)

Elevator Equipment – Drive Motors, Hydraulic Rams, Lifting Cables, Sheaves (Pulleys), Governors, Running Cables, Braking Devices

Engines - Gas Turbine, Diesel, Gasoline, Propane

Fire Protection Equipment – Sprinkler Heads, Sprinkler Piping, Underground Fire Mains, Fire Pumps, Sprinkler System/Alarm System Interfaces, Restaurant Hood Fire Suppression Systems, Carbon Dioxide Systems, Dry & Wet Chemical Systems, Deluge Systems

Gas (Natural/LP/Propane) Equipment – Explosions, Appliances, Control Valves, LP Tanks, Pressure Regulators, Gas Piping, Barbecue Grills, Turkey Fryers, Stoves, Ovens, Carbon Monoxide Poisoning

Heavy/Agricultural Equipment – Cotton Gin Baling Machinery, Tractor Mowers (mower thrown objects), Backhoes, Front End Loaders, Excavators, Cranes, Man Lifts, Tractors, Hay Balers, Cotton Pickers

Hydraulic/Pneumatic Equipment – Pumps, Compressors, Valves, Hoses, Cylinders, Actuators, Motors, Pressure Regulators, Accumulators, Filters, Tanks

Manufacturing Equipment – Forklifts, Presses (stamping and printing), Saws, Shears, Brakes, Lathes, Mills, Grinders, Paint Sprayers, Paint Booths, Plastic Extruders, Dust Collectors Spray Dryers, Fluidized Bed Dryers, Screw Conveyors, Pneumatic Conveyors

Manufacturing Methods – Machining, Sheet Metal Forming, Electroplating, Painting/Coating, Adhesive Bonding, Casting, Shot Peening, Vapor Deposition, Extrusion

Materials Science – Fracture Mechanics, Corrosion, Fatigue, Plastics, Fiber-Reinforced Plastics (Composites), Adhesives, Laminates

Plumbing Equipment – Piping, Faucets, Toilets, Ice Makers, Dishwashers, Clothes Washers, Water Heaters, Hoses/Tubing, Sprinkler Heads, Water Filters, Water Softeners

Pressure Vessels – Tanks, Heat Exchangers, Dephlegmators, Condensers, Separators, Chlorine Cylinders, Liquid Nitrogen Storage, Acetylene Cylinders

Rental Equipment – Trailers, Tow Dollies, Jacks, Augers, Concrete Saws, Pressure Washers

Residential Equipment – Stoves, Clothes Dryers, Water Heaters, Boilers, Furnaces, Space Heaters, Radiant Heaters, Wood-burning Fireplaces, Decorative Gas Fireplaces

Restaurant Cooking Equipment – Fire Suppression Systems, Vent Hoods, Stoves, Grills, Deep Fryers, Salamanders, Barbecue Ovens, Dishwashers, and Water Heaters

LICENSES IN 30 JURISDICTIONS:

Mr. Tate passed the national licensing examination in Mechanical Engineering in 1990 and the national licensing examination in Fire Protection Engineering in 2000. He passed both examinations on the first attempt.

Licensed Professional Engineer, State of Alabama No. 25274
Registered Professional Engineer in Mechanical Engineering, State of Arizona No. 35461
Licensed Professional Engineer, State of Arkansas No. 8902
Licensed Professional Engineer in Mechanical Engineering, State of California No. 32292
Licensed Professional Engineer, State of Colorado No. 39143
Licensed Professional Engineer, State of Connecticut No. 32166

EPA 608 (Ozone Depleting Refrigerant) Certified Technician - Universal

COURT TESTIMONY:

September 26, 2014, *Catherine Weidner v. Nationwide Property & Casualty Insurance Company*, Civil Action No. 4:13-cv-00263, United States District Court, Eastern District of Texas, Sherman Division – Subject: Damage of Corrugated Stainless Steel Tubing (CSST)

January 24, 2014, *Kenner Plumbing Supply v. Rusich Detailing, Inc.*, Cause No. 651-121, 24th Judicial District Court, Division B, Jefferson Parish, Louisiana – Subject: Code Compliance of Storage of Flammable Liquids and LP Gas

September 16-18, 2009, *Advanced Metallurgical Technology, Inc. v. Matheson Tri-Gas, Inc.*, Cause No. 236-224683-07, 236th Judicial District, Tarrant County, Texas – Subject: Storage Tank Explosion from Introduction of Liquid Nitrogen

July 13, 2009, *Pioneer Civil Construction LLC and Trinity Universal Insurance Co. v. Volvo Construction North America, Inc.*, Case No. 5:08-CV-00207 JMM, United States District Court, Eastern District of Arkansas, Pine Bluff Division – Subject: Hydraulic Hose Separation and Fire

January 28, 2009, *River Run Farm LLC v. Grundfos Pumps Corporation*, Cause No. 04-CI-00489, Laurel Circuit Court, Division 1, Commonwealth of Kentucky – Subject: Residence Fire Related to Hot Water Circulator Pump

March 22 & 23, 2005, *Two Dots, Inc./Umlaut v. Tyco Fire (NV), Inc. and Grinnell Corporation*, Cause No. 03-12145, 101st Judicial District, Dallas County, Texas – Subject: Flood from Separated Fire Sprinkler Pipe Joint

May 24 & 25, 2004, *Settlement Investment Management d/b/a Marina del Rey Apartments v. A.O. Smith Corporation and A.O. Smith Water Products Company, a Division of A.O. Smith Corporation*, Cause No. 48-193161-02, 48th Judicial District, Tarrant County, Texas – Subject: Burner Malfunction in Commercial Gas-Fired Boiler

June 24, 2003, *Nationwide Mutual Insurance Company v. Robert D. Reed*, Case No. CV-N-01-0373-ECR-VPC, United States District Court, District of Nevada - Subject: Alteration of Gas Piping to Fuel an Intentional Fire

April 5, 2001, *State of Nevada v. Robert D. Reed*, Cause No. CR-F0-00-1573, Fourth Judicial District Court – Department 1, Elko County, Nevada – Subject: Alteration of Gas Piping to Fuel an Intentional Fire

October 18, 2000, *Joseph Kropka v. KML, Inc.*, Cause No. 98-14058, 201st Judicial District, Travis County, Texas – Subject: Gas Range's Lack of Involvement in Cause of Fire

April 10, 2000, *Terry G. Moore v. Shaio Yun Feng*, Cause No. 99-00741-H, 160th Judicial District, Dallas County, Texas – Subject: Minor Impact Auto Injury Evaluation

COURT TESTIMONY: (continued)

September 18, 1995, *John L. Nowak v. Dillard's Department Stores*, Judicial District Court, Harris County, Texas – Subject: Automotive Accident Reconstruction

November 1993, *Robert Corbitt v. State Industries, Inc, et al.*, Cause No. 91-50091, 125th Judicial District Court, Harris County, Texas – Subject: Failure of Plastic Water Heater Drain Valve Due to Chlorine Attack

ARBITRATION APPEARANCES:

Mr. Tate has appeared in person at six arbitration hearings. The subjects were:

- Cause of damage to an automobile
- Error during the installation of an electric water heater
- Failure of a residential water filter
- Burner malfunction in a commercial gas-fired boiler
- Failure of plastic nut on toilet connector (two different cases)

DEPOSITION TESTIMONY:

January 2, 2018, *Scoggin v. BNSF Railway Co. and TOG Hotel Fort Worth, LLC.*, Cause No. DCCV15-039-87, 87th Judicial District Court, Anderson County, Texas - Subject: Partial Separation of Chair Back from Chair Base
